June/July 2024

The month of June was spent seeing the Year 10 students and talking to them about their future aspirations and what they were thinking they might want to do when they left School.

Students were given college prospectus' for them to take home and have a look at the different courses they each had to offer. Students were encouraged to attend the College Open Days which would be starting in September 2024.

On Tuesday 4th July the year 10 students attended the Three College Taster day. This event is open to all schools around the County and is very well attended. Students were given the opportunity of attending lectures and workshops in their chosen area to give them an idea of whether they think they would like to do this when they left school. We had some really positive feedback from the event and the students thought it was worthwhile attending.

I am looking forward to meeting the Year 11 students in the new academic year to advise and guide them in preparing them for their next step when they leave school.

If any parents would like to attend their child's advice and guidance meeting with me then please email me and we can arrange this.

If anyone has any questions or queries about their child's college options or what they should do when they leave school please do not hesitate to contact me on rdavies@aylestone.hereford.sch.uk

I hope you all have a great summer holidays 😊
