

SCHOOL CATERING UPDATE

Dear Parents and Students

Healthy eating is essential for students health, growth and development, both physically and mentally. Encouraging students in making the correct choices is a key to reducing the chance of developing chronic illnesses like type 2 diabetes and heart disease.

To aid students to make healthy choices we have relooked at the food service offer with Alliance in Partnership (our contract caterers) and are gradually changing the way our food offer is served to encourage all students to make healthier choices.

- All main meals will be served with the offer of vegetables or salad.
- All main meal deals will be served with either the dessert of the day or the option of a fresh fruit alternative.
- A deli bar has been created where students can make a choice of filled baguettes, wraps and salad boxes.
- Jacket potato and Pasta bar daily offering

All menus are now available to view online including our main menu with guest bar, grab and go tariff, drinks tariff and meal deals with prices available to view, please take the time to view these together.

If your child has an allergen please speak with the main office to get a special diets form. We can then work with you to ensure we feed your child safely. Alliance in Partnership operate a very robust Allergen Process to ensure all students are kept safe.

The price of a main meal & dessert option is £2.30
