April 2022

On Wednesday 6th April the National Citizen Service presented an assembly to our Year 11 students offering them an opportunity to join the NCS programme this year. The NCS is managed and supported by NCS Trust, who ensure the deliverance of the most impactful experiences for as many young people as possible.

Since 2009 the programme has grown all over the county and now have over 600,000 young people who take part. The programme offers to teach new life skills and team building opportunities, giving the students a chance to plan a rewarding community project at the end of the programme. We are hoping that many of our students sign up to this worthwhile event.

On return from the Easter holidays I spent some time with the Year 10 students asking them to complete forms that give me an idea of what they are interested in and their thoughts on what they want to do when they leave school. I am looking forward to seeing them individually over the next few weeks.

I am looking forward to meeting the Year 10 students next month with any questions they may have about their 'next steps' after leaving School

Wishing you all a lovely Easter Break
