STUDENTS FEEL SUPPORTED, ACHIEVE EXCELLENT RESULTS, AND ENJOY BEING AT COLLEGE

“It’s brilliant here - the facilities and quality of teaching are incomparable. The support I have been provided with here was absolutely essential, both from my subject teachers and the Reach programme. The College is clearly happy to put in extra work as long as you are too - the workshops and Reach programme are evidence of this.”

ALUMNI TESTIMONIALS

“The wide choice of subjects on offer at Hereford Sixth Form College allowed me to keep my interests open across a range of topics. The teachers had a passion for their subjects which I found to be vital when it comes to career paths. Passion can help influence others around you, create a true sense of purpose and drives you to continually learn and develop.”

Matthew Manning

“I was given space to experiment with radically different genres of theatre, which opened my mind hugely to the kind of vocations the industry offers at this point in time. I am currently studying at the Royal Central School of Speech and Drama where I have the ability to experiment with radical new styles of theatre that I would not have known without the curriculum of A Level Drama.”
